The annual Bigger Together Luncheon convenes community partners to raise critical funds to make it possible to match youth with a caring and supportive adult. Sponsors, like you, help to underwrite the expenses of this luncheon so that 100% of donations raised at the event go directly to create and support local matches. Every investment helps increase the number of children connected to a caring adult mentor. In addition, it strengthens our ability to provide opportunities, activities, and resources for the youths, mentors, and families we serve.
